

THE POWER TO KNOW

Real-time alerts of rodent activity

EZ SQUARE™

The EZ Square Rat is a stand-alone Wi-Fi trap system that allows the PMP to install the device in 60 seconds or less anywhere with a Wi-Fi connection or to a Wi-Fi hotspot.

SQUARE TRAP

SQUARE TRAP

The EZ Square Rat can be used to tackle an infestation or to build an IPM program on site with as many traps needed. EZ Square Rat works with all E-type snap traps. The trap can be replaced as needed without touching the technology, just put the magnet on the snap trap and it is ready to go. The separation of the reed switch and magnet creates the alert letting you know the snap trap has been triggered.

- Daily keep alive and online alerts
- Powered by a 2-year lifespan battery
- Real-time alert when rodent activity is detected
- Push notifications
- End-to-end solution including hardware, software and mobile application
- Simple installation process, less than 60 seconds per station
- Works with customer's Wi-Fi or to a Wi-Fi hotspot
