

NEW FROM THE VM INNOVATION LAB

YOUR BRAND. IN COLOR.

IN PLASTIC PRIVATE LABEL

VM Products now offers full-color In Plastic Labeling (VM's implementation of In-Mold Labeling, or IML) on **EZ Secured® Front Lock Rodent Bait Stations.***

*For details on private labeling, including minimums and order commitments, please contact your VM or Vesperis sales team

SUPERIOR DURABILITY

In Plastic Labeling embeds the label into the plastic during molding, making it resistant to peeling, bubbling, fading, scratches, chemical exposure, and weathering.

HIGH-QUALITY GRAPHICS

In Plastic Labeling allows for embedding multi-color graphics, and complex designs with gradients and fine details.

CONSISTENT FINISH

Labels are applied during molding, ensuring perfect alignment and uniform appearance.

NEW OPTION FOR
PRIVATE LABELING FOR

EZ SECURED®
— FRONT LOCK —
RODENT BAIT STATION

ECO-FRIENDLY

In Plastic Labeling uses recyclable materials and eliminates adhesives.
