

NOTHING STRIKES LIKE A VIPER

ENGINEERED FOR SUCCESS

Engineered in the VM Innovation Lab with proprietary testing equipment to ensure consistent trigger response and strong impact performance.

EXCEPTIONAL SPRING STRENGTH

High-tension spring delivers a fast, powerful strike for quick, effective rodent control.

BUILT FOR LONG-LASTING DURABILITY

Made with reinforced plastic (glass-filled polypropylene) for added strength.

EFFECTIVE BY DESIGN

Scissor tooth design that closes tightly on the rodent to help prevent escape.

FEATURING INDICATOR ALERT

The indicator is yellow when the trap is set and black when it has a catch.

INDICATOR FITS SEAMLESSLY INTO STATION

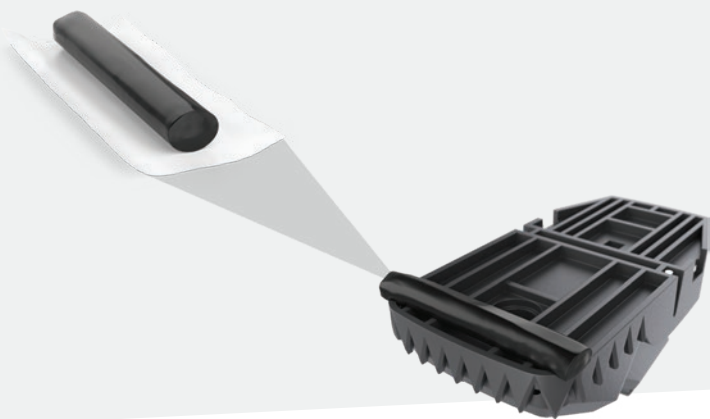

FITS IN **EZ SECURED**
RODENT BAIT STATION
